Well, here it is. Sorry for the delay but there has been so much telephone craziness and now it's after midnight I guess they're all out prowling the streets or hanging by their heels, but at least they aren't calling me.

You are Vulva who was Viva when the tapes were recorded, and B. is Andy. As far as I know the dialogog is pretty much exactly as the telephone conversations were, but obviously we are depending on Tony Ingrassia's version of accuracy; Here goes:

Vulva: Oh, what does your shit look like? Ordinary, or special variety? I mean, hard, soft, or medium mush? Dark brown, light brown or black? You're not saying. Maybe you don't shit.

B: That's the reason I really hate to eat.

Vulva: Gandhi was the same way, you know. He was very concerned about what he put in because he had ti

that came out.

it's true. What were his objections to what to come out? What didn't he want to come

out?

B: Why is that? The bees do it and it's honey.

Vulva: Is that what honey is?

B: It shows you how fancy shitty is.
